EDMC's MINISTRY FOCUS for October to December

- CHRISTMAS FUND -

Each year during the Christmas season Every Day Ministries Canada receives requests to assist churches with meals to bless the community and to meet special needs. We also provide our staff and ministry partners with Christmas food baskets as a practical way to bless them and express our thanks for their hard work.

Please consider how you can help us bless these churches, communities and individuals.

- GENERAL FUND -

We receive numerous requests for help from local pastors and churches on a weekly basis. Our ability to meet these needs depends on the General Funds available to us at the time.

The needs we are most often asked to help with are (*but not limited to*) - emergency medical needs, food, building repairs, ministry vehicle repairs and multi-denominational outreaches.

Please help us help the local church serve their communities.

Donations can be made through PAOC, CanadaHelps or EDMC
